

BIG REPUBLICAN RALLY TONIGHT

The Republicans have a big meeting and rally tonight in the Eagles' pavilion, the meeting to be called to order at 8 o'clock by Hon. P. M. Bowler, who will act as chairman of the meeting. There will be addresses by Hon. P. L. Flanagan, candidate for the United States senate on the Republican ticket; Hon. Hugh Brown, who is a candidate for supreme justice of the state; by Hon. Tom Fitch, the silver tongued orator of Nevada, and who is known all over the state as one of the most polished speakers on the platform today. Some of the county candidates may also deliver short speeches at the meeting. Everybody attend the meeting tonight and hear some addresses worth while.

GEORGE BARTLETT IS "STANDING PAT"

The attention of Congressman Bartlett was yesterday drawn to a paragraph appearing in an article in the Carson News of October 20th, headed "Split in Democracy." The paragraph is from a lengthy article, but the portion of particular importance and which Mr. Bartlett challenges, reads as follows:

"A report was brought to this city yesterday by an Elko man that in that county Congressman Bartlett justified the police bill, but claimed that Governor Sparks was wrong when he called for troops for Goldfield. The peculiar and anomalous stand has created a sensation in Elko county."

In answer to this Congressman Bartlett forwarded the following telegram:

Tonopah, October 22, 1908.

George L. Sanford, Carson News, Carson, Nevada.

"Your paper of October 20th, under title, 'Split in Democracy,' states that in Elko county I justified the police bill, but claimed Governor Sparks was wrong when he called for troops for Goldfield. I did justify and do still justify the police bill, but the statement that I claim Governor Sparks was wrong is a contemptible lie. I stand for the action of Governor Sparks during the whole of his trying ordeal in protecting our state and have only contempt for liars who would now endeavor to show a weakness for mere petty political purposes. This means anyone and everyone who claims that in any single instance I have ever differed from the policy of Governor Sparks during the whole of that period.

(Signed) GEO. A. BARTLETT."

MORE RICH ORE AT RHYOLITE

RHYOLITE, Oct. 22.—Word has been received from the Capricorn lease to the effect that an eight-inch streak of ore richer than anything ever encountered before in the property has just been uncovered. The high grade was struck at a point thirty-five feet in the drift from the fifty-foot level.

The entire streak is liberally interspersed with hornsilver, and the lessees estimate that the average yield will not fall much below \$1000 to the ton. It is the best ore reached so far in the lease. The shipments made hitherto by the lessees have averaged around \$200, but the present extraction, the lessees think, will greatly exceed this amount.

Captain E. P. Miner, one of the lessees, is very enthusiastic over the discovery, and thinks if the new body holds out, that unquestionably it means a fortune.

JUDGE BRISSELL TO HEAR CASES

The trial of James Golden, charged with malicious mischief, will come up before a jury this morning in Judge Brissell's court. Golden is charged with having broken down a door of a cabin in which it is understood that he is a part owner.

The case of Curley Graham, charged with assault and battery will also come up for a jury trial.

AN IMPORTANT MINING DEAL IN HUMBOLDT

Advices from Winnemucca are to the effect that probably the most important mining deal in the history of Humboldt county was consummated on Friday, the 16th of October, when Edward Reinhart, at San Francisco, signed papers transferring to a party of capitalists of that city, the Auld Lang Syne, one of the oldest and most celebrated properties of the state.

The Reinharts still retain an interest, but the terms of the sale could not be ascertained. From a San Francisco correspondent the Silver State News received word last Friday that the deal had been perfected, and the property taken over by a syndicate headed by "Billy" Metson.

FIRE DEPARTMENT HELD MEETING

The regular meeting of the volunteer fire department was held last evening at the fire house and plans for the furnishing of the gymnasium which is now being constructed were talked over. The fire boys have received the promise of enough funds from different sources to completely furnish the building when it is completed.

FLANAGAN IS UPHELD BY THE UPPER COURT

By a decision of the state supreme court, the findings of Attorney Thomas E. Flanagan, referee in the Nevada hotel litigation, have been confirmed. This carries with it an important point in mechanic's liens.

About a year ago, Judge Langan appointed Attorney Flanagan to act as his referee in the case of the Western Engineering and Construction company, against the Nevada Amusement company, controlling the hotel at Goldfield named above, with the Tonopah Lumber company and the Interstate Lumber company as lien claimants. The former sued for lumber furnished amounting to about \$1000, and the latter sued for amount approaching \$7000. The Tonopah company set up a claim as material man, and had fifty days after the completion of the building in which to file its lien. The Interstate people set up a lien as an original contractor, and had sixty days after the completion of the contract in which to enter a claim.

The referee filed findings to the effect that the building was completed May 2, 1907, within purview of the mechanic's lien act; that is, the building was constructively completed, as it has never actually been finished and still stands as a menace to the business district. The referee also decided that the Tonopah company, which filed its lien in June was within the time allowed; that the Interstate company was not an original contractor, since it furnished material only, hence should have filed within fifty days after May 2, 1907.

The Nevada Amusement company early gave up the contest, but it was carried on against the lien claimants by Patrick Walsh and William Easton, owners of the ground on which the hotel stands. Senator H. V. Morehouse represented the Tonopah and Interstate companies; Detch, Carney and Stevens the Nevada Amusement company and D. S. Truman, Walsh and Easton. There were fourteen hearing before the referee on this mechanic's lien proposition, and intricate questions of law were argued at length.

GOOD FIGHT AT CASINO TONIGHT

There will be a six-round go this evening at the Big Casino between Sid Humphreys of Los Angeles and King Pierce of Denver. This should be one of the best fights ever pulled off at that popular resort and undoubtedly will be witnessed by a large crowd. Humphreys and Pierce fought a draw last Monday night and both are eager to get a decision. Their last fight was equal to any main event ever seen in this city and tonight's fight will probably be a repetition, if not better.
